

## WAMA ZOOM

Monitor your premises anytime and anywhere

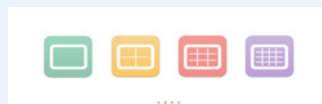

### P2P Easy Setup

Add WAMA devices into WAMA Zoom without any hassle by simply scanning the QR code on the device.

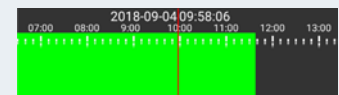

### Multi-screen View

View multiple videos at the same time in portrait or landscape modes in 1x1, 2x2, 3x3, or 4x4 screen grid.

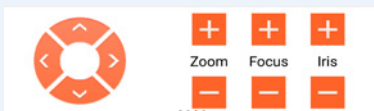

### Remote Playback

Easily view the playback of videos with the date picker and scrollable timeline in the application.

### PTZ Control

Control the pan, tilt, zoom functions, and adjust the preset and cruise settings of your PTZ cameras easily using your mobile device.

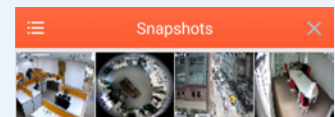

### Video Recording

Efficiently save a copy of live video onto your mobile device as a secondary recording to avoid losing of important video evidence.

### Snapshot

Take snapshots of live or playback videos as a backup or for post-event investigation purposes.
